STATEMENT UNDER 37 CFR 1.97**

Commissioner for Patents  
Washington, D.C. 20231

Sir:

Pursuant to 37 CFR 1.97 and 1.98, Applicant submits for consideration in the above-identified application the documents listed on the attached Form PTO-1449. Copies of the documents are also submitted herewith. The Examiner is requested to make these documents of record.

The Supplemental Information Disclosure Statement filed on July 11, 2001, before the mailing of the first Office Action dated February 2, 2002, inadvertently did not include copies of the references. As a result, the Examiner did not consider the references. Applicant is again submitting the PTO Form 1449 with the references attached and respectfully requests that the Examiner consider these references.

Applicant would appreciate the Examiner initialing and returning the Form PTO-1449, indicating that the information has been considered and made of record herein.

The information contained in this Supplemental Information Disclosure Statement under 37 CFR 1.97 is to the best of my knowledge and is not to be construed as a representation that: (i) a complete search has been made; (ii) additional information material to the examination of this application does not exist; (iii) the information, protocols, results and the like reported by third parties are accurate or enabling; or (iv) the above information constitutes prior art to the subject invention.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing 204552016500.
